62RZ07 - The Executive Power Reform Act and Amendment

WHEREAS currently the Seneschal can simply write any laws they wish by themselves, bounded only by the Organic Law and His Majesty's agreement, and

WHEREAS that's an absurd amount of power for one person to have, and there is insufficient check on this power,

THEREFORE the fourth section of the sixth article of the Organic Law, which currently reads

Prime Dictates (PDs) are public declarations which affect government policy and have the force of law. They take effect upon their countersignature by the King and function as laws for all purposes, with such exceptions and subject to such conditions as the Ziu may enact by statute. Prime Dictates are exempt from all provisions relating unto legislative proposals, but may never be used to amend this Organic Law.

shall be amended to read

Prime Dictates (PDs) are public declarations which affect government policy and have the force of law. They take effect upon their countersignature by the King and function as laws for all purposes, with such exceptions and subject to such conditions as the Ziu may enact by statute. Prime Dictates are exempt from all provisions relating unto legislative proposals, but may never be used to amend this Organic Law. All Prime Dictates, excepting only those appropriating monies or with ephemeral effect, shall automatically cease effect after the passage of three months unless affirmed by the Ziu.

FURTHERMORE, this amendment shall not be held to affect any Prime Dictates that preceded its passage.

FURTHERMORE, subsections 2.1.1 through 2.1.3 of Title D of el Lexhatx, which currently read

2.1.1. All acts, decisions and policy statements by the Seneschal shall be issued by executive orders, collectively known as Prüms Dideux (in english, Prime Deeds). These can be of two kinds:

2.1.1.1. A Prüm Diktat (in english, Prime Dictate), as provided by Org.VI.4, requires the King's countersignature to become enforceable and has the force of law. It's used:

2.1.1.1.1. to enact or amend statutes;

2.1.1.1.2. to authorise emergency spending, as provided in D.2.8.6.;

2.1.1.1.3. to remove the Clerk of the Court, as provided in G.4.9.;

2.1.1.1.4. in all situations where the Legeu Orgänic or Lexhatx explicitly require for it or for the King's countersignature.

2.1.1.2. A Prüm Dirixhaziun (in english, Prime Directive) doesn't met the conditions of Org.VI.4. It's used:

2.1.1.2.1. to declare a month of recess, as provided by Org.VI.8.;

2.1.1.2.2. to issue memorials, congratulatory notices, internal Government organisation decisions and policy statements, executive policy clarifications, and other appropriate and limited governmental matters;

2.1.1.2.3. in all situations where the law provides for the Seneschal to act alone without the King's assent.

2.1.1.3. The Seneschal shall use Prüms Diktats with caution and respect and leave legislation solely for democratic consideration by the whole Ziu except when is deemed necessary an urgent action.

shall be amended to read

2.1.1 The Seneschal may issue executive orders, collectively known as Prüms Dideux.

2.1.1.1 A Prüm Diktat, as provided by Org.VI.4., requires the King's countersignature to become enforceable and has the force of law. It's used to enact or amend statutes, to authorise emergency spending, to remove the Clerk of the Court, or in all situations where the Legeu Orgänic or el Lexhatx explicitly require for it or for the King's countersignature. All statutes which are enacted or amended shall remain in effect for three months unless confirmed by the Ziu, at which point they will cease to be in effect.

2.1.1.2 A Prüm Dirixhaziun is used to declare a month of recess, to issue memorials, congratulatory notices, internal Government organisation decisions and policy statements, executive policy clarifications, and other appropriate and limited governmental matters, and in all situations where the law provides for the Seneschal to act alone without the King's assent.

Uréu q'estadra så,
Baron Alexandreu Davinescu (Senator-MM)

62RZ08 - The Broosking Swing Mitigation Amendment

WHEREAS New Citizen Seats are currently limited to a maximum of 7.5% of party seats in the Cosă, and

WHEREAS this value makes it all but impossible to reduce the number of seats in the Cosă, calling to question this express possibility set out in OrgLaw.IV.2.1, and

WHEREAS the current limit of 15 seats for new citizens has never even remotely been reached,

THEREFORE be it resolved that OrgLaw.IV.4.2 is amended to read as follows:

The maximum number of seats that may be assigned to new citizens between general elections shall be 4.5% of the seats apportioned between parties, rounded down to a whole number of seats.

Uréu q'estadra sã,
Sir Marcel Tafial (MC-URL)

62RZ09 - Upper House of Review Amendment

WHEREAS, in parliamentary democracies, the upper house of the legislature functions as a "house of sober second thought"; and

WHEREAS, this role requires that the Senäts be able to review and approve of bills, but ought not to have the ability to block those with widespread support in the Cosă; and

WHEREAS, this blocking ability ought to remain in place in the case of Organic amendments; then

BE IT HEREBY RESOLVED, that Article III, Section 4 of the Organic Law is amended by the addition of the following bolded text:

*The Senäts shall have equal powers with the Cosa in respect of all proposed laws, except that bills appropriating revenue or moneys shall not originate in the Senäts, and the Government shall require the confidence of the Cosa only to remain in office. In the event of the Senäts twice rejecting a bill appropriating revenue or moneys which is passed by the Cosa, upon it being passed a third time by the Cosa, it shall not require the consent of the Senäts to be given Royal Assent and take effect. Bills for the imposition or appropriation of fines or other monetary penalties, or for the demand or payment or appropriation of fees for licenses or services, shall not be taken to appropriate revenue or moneys. **In the event the Senäts rejects a bill that does not amend this Organic Law, appropriate moneys, or override a Royal Veto, should the same Cosă pass that bill again by a three-fifths majority, it shall not require the consent of the Senäts to be presented for Royal Assent or take effect.***

Uréu q'estadra sã,
Mic'haglh Autófil (MC-URL)

62RZ10 - The Blanking Blank Act

WHEREAS there's a lot of accumulated errors in the law, and the people of Talossa deserve better,

THEREFORE, the Ziu wishes to make the following corrections to el Lexhatx to remove blank spaces, broken cross-references, and logical problems; all section references in this act refer to numbering as it exists prior to passage,

FURTHERMORE, the section Lexh.A.9 shall be struck from the law, and all subsequent sections and subsections renumbered sequentially.

FURTHERMORE, the text of Lexh.A.16, which currently reads:

Except as provided in A.17, whoever does any of the following is guilty of a crime subject to punishment by banishment, revocation of citizenship, any combination of civil disabilities and any other authorized punishments:

shall be replaced by

Whoever does any of the following is guilty of a crime subject to punishment by banishment, revocation of citizenship, any combination of civil disabilities and any other authorized punishments:

2.1. 28 February - 1 March: Ziuas dal Anavatan - Combines Landmark, Culture, and Cestour Days into a multi-day festival leading into Berber Heritage Month. It is a celebration of all things Talossan, with a special emphasis on the special relationship all Talossans have to the Greater Talossan Area. On leap years, 29 February should be marked by the staging (digital or otherwise) of a Talossan Opera.

2.2. 20 April: Reunision Day - Celebrates the healing of the great National Schism, and the history of the Talossan Republic of 2004-2012.

2.3. 1 May: Flag Day - recalls the theft of the national flag in 1984. In true Talossan fashion, this day should be spent NOT displaying the flag, to encourage meditation on national symbols and Talossanity in general.

2.4. 1 June. Republic Day. Commemorating the foundation of the Talossan Republic as a day to honour democracy and the popular will, for both Republican and Monarchist traditions.

2.5. The first Monday in September: Monarchy Day - celebrates the institution of the Talossan monarchy and marks the resumption of the monarchy with the coronation of King Florence in 1988.

2.6. 25 November: Victory Day - celebrates our victory in the Cone Wars.

2.7. 26 December: Independence Day - celebrates our independence from the Big Neighbor.

FURTHERMORE, Lexh.F.5 shall read as follows:

5. The government of the Kingdom shall recognise and observe as a public holiday the day of, or the day before, the birthday of the current Sovereign.

5.1.1. 1 January. Flip Molinar Day. This Holiday honors the contributions and enduring legacy of S:reu Flip Molinar as proclaimed by King Txec.

5.1.2. The month of March: Berber Heritage Month. All citizens are encouraged to express themselves in whatever medium is appropriate, on the question of Talossa's real or imagined Berbercentric prehistory.

5.1.3. 21 March: James "Jimmy" Letherer Memorial Civil Rights Day, or "Civil Rights Day" for short.

5.1.4. 7 April: Cjovani Day. This holiday honors a trailblazing example of Talossan subcultural development, the Cjovani Belacostans, and serves as a day for Talossans to consider the potential for future subcultures in their own provinces

5.1.5. 24 June: Immigration Day

5.1.6. 28 September: Democracy Day

5.1.7. 16 October: Publicity Day

5.1.9. 12 December: Llimbaziua (Language Day).

5.2. The Minister of Culture may declare additional one-time Days of Observance upon petition by Talossan citizens. Permanent Days of Observance must be approved by the Ziu.

FURTHERMORE, the sections Lexh.F.28, Lexh.F.32-34, and Lexh.F.39 shall be struck from the law, and all subsequent sections and subsections renumbered sequentially.

Uréu q'estadra sã,
Baron Alexandreu Davinescu (Senator-MM)

62RZ11 - The Pseudo-Real Cosă Act

WHEREAS Talossa is not roleplaying, and

WHEREAS therefore, operating under a "D&D Cosă" with more seats than voting citizens is untenable, and

WHEREAS political power ought not be a matter of course that is bought and paid for, but a privilege derived from sufficient popular mandate (or for our newest citizens, a courtesy extended by law),

NOW THEREFORE, be it enacted that the following provision be added to el Lexhatx as subsubsection H.4.1.1:

The total number of party seats is twenty.

FURTHERMORE, according to LegOrg IV.2.1, this change will not take effect until the next election following the passage of a calendar year.

Uréu q'estadra så,
Sir Marcel Tafial (MC-URL)

62RZ12 - Sense of the Ziu: Anticipating the Consequences

WHEREAS, the British prime minister, Winston Churchill, once stated that "the era of procrastination, of half-measures, of soothing and baffling expedients, of delays is coming to its close. In its place we are entering a period of consequences," and

WHEREAS, this quote well-encapsulates humanity's current predicament in relation to anthropogenic climate change, and

WHEREAS, in recent years, 25 nations have experienced their hottest summers ever and the past seven years each have been the hottest ever since the start of record-keeping, and

WHEREAS, leading contributors of atmospheric warming emissions (People's Republic of China, United States of America, and Republic of India) have lagged in fidelity to their commitments based on the Kyoto and Paris Accords.

THEREFORE, may it be resolved that it is the Sense of the Ziu of the Kingdom of Talossa:

To declare a climate emergency, and

Based on this declaration state its assessment that anthropogenic climate change is an issue touching not just on scientific and political scopes but also on moral and bioethical scopes, and

To encourage Talossans around the world to make meaningful changes in their personal lives to limit their individual and family contributions to climate change, and

To encourage nations which are leading contributors to climate change to meet their previously-agreed treaty-based commitments.

Uréu q'estadra sã,
Breneir Tzaracomprada (MC-GREEN)

62RZ13 - The Relabeling Title H Act

WHEREAS we usually look for the rules about how to get the Ziu going after elections right after an election, and

WHEREAS I think it's just bad labeling that's ultimately my fault, and sorry about that, and let's fix it,

THEREFORE Title H of el Lexhatx shall be relabeled as Title H: Operations of the Ziu.

Uréu q'estadra så,

Baron Alexandreu Davinescu (Senator-MM)
